Are you good at sharing?
Colour in the word that best suits your answer.

YES NO

Can you think of things that are nice to share with family or friends?

Draw pictures in the boxes below or write words of things that are nice to share. The first box is all about sharing kind words. Can you think of anything else that is good to share at home or at school? Think of things you can share offline.

Kind words. Can you think of one more?

Being Share Aware

It is important everyone learns to keep safe online. You should not share any personal information, such as your passwords, photos without permission, your location or any unkind words. You should ask a grown-up's permission before sharing photos online or on electronic devices.

Watch a film from the NSPCC's Share Aware campaign, called, 'I Saw Your Willy'!

Doing Something Differently!

All the characters in the story made a poor choice.

- By taking and then sending the photo, Sam made a poor choice.
- By not deleting, but saving the photo and sending it to friends, Katie made a poor choice.
- By showing his private parts for Sam to take a photo, Alex also made a poor choice.

Think about what the characters in the story could have done differently.
Fill in the missing words.

What could Sam have done differently?

Sam could have taken and posted pictures of his _____.
Can you suggest anything else Sam could have done?

What could Alex have done differently?

Can you suggest anything else Alex could have done?

What could Katie have done differently?
